- ***“With the twist and turns of the recent turmoil in the financial sector, NewBridge Bank is pleased to offer a simple and efficient way to provide our customers with a mechanism to insure their deposits above FDIC limits. We looked at several different products and found the Anova Funds product to be the most effective. With this product our customers have total control of their funds, the ability to access their funds at anytime and FDIC insurance.”*** - Pressley Ridgill, President/CEO NewBridge Bancorp.
- ***“Citizens State Bank has been using ANOVA’s Treasury Services since May of this year. The ANOVA product is easy to use and ANOVA’s rate is three times better than our correspondent banks. So, we are able to maintain our liquidity while receiving a better return than we would from our correspondent banks and our funds are fully FDIC insured.”*** - Leslie D Schoppe, Citizens State Bank, Somerville, TX.
- ***“Woodhaven National Bank uses ANOVA’s Treasury Services to invest excess funds for the bank. It is very easy to get set up and use their network plus it is simple to input the information each time we go in to invest more funds. We love their accounting system!”*** - Pat Wagers, Woodhaven National Bank, Ft. Worth, TX.
